Notes

- An order line item is associated with each unique device programming file.
- Device Single Unit Price is found in the Price (1-99) column under the Order Info tab of the product webpage.
- \$250 minimum order total (i.e., sum of all line items) excludes shipping charges and taxes.
- First Article Approval Form needs to be received before moving to Pre-Production stage.
- Programmed device will be assigned a part number appended with –ES (Engineering Sample). The –ES is removed when the device moves to the Production stage.
